### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tom Burger on 8/27/2010.

The application has been amended as follows:

Claims 18 and 20 have been canceled.

Line 11 of Claim 11 and line 16 of Claim 17 have been amended from "blower and a pump fluidly coupled to the second air inlet" to --blower and a pump each fluidly coupled and adjacent to the second air inlet--.

The following is an examiner's statement of reasons for allowance: there is no prior art nor reasons to modify any prior art to have a ram air channel that has a second air inlet that is independent from a first air inlet that has a movable element that is located in the air flow path of the second air inlet and a device being either a blower or a pump that is fluidly coupled and adjacent the second air inlet that creates a low pressure in the second air inlet so as to move the movable element.

Art Unit: 3644

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
